

Donate a Welcome Pack

Brisbane Common Ground (BCG) is a 14 storey residential building located at 15 Hope Street, South Brisbane. The 146 unit building is a sustainable housing solution for people who have experienced chronic homelessness and people earning a low income. Micah Projects Supportive Housing Team is based at BCG and aims to create the greatest degree of empowerment and independence for tenants.

Brisbane Common Ground is an innovative supportive housing model which brings together the right ingredients to help tenants make the move from homelessness to a stable home.

Brisbane Common Ground provides affordable and permanent housing, with each unit self-contained and fully furnished. Onsite management and support services assist a mix of low income and formerly homeless tenants.

Donate a Welcome Pack of essential household items for one person moving into Brisbane Common Ground.

1. Donate \$330 for one Welcome Pack by simply visiting micahprojects.org.au/donate

Or...
